

Relevant Experience

Nov 2019 - present **Front End Developer**

DCode Group

- Collaborated with stakeholders, back-end developers and designers to build custom solutions which meet business requirements and goals.
- Developed app interfaces and custom CMS websites using SCSS, Vue and Laravel frameworks.
- Delivered features based on specification documents and applied bug fixes reported from error recording platforms (BugHerd, Kanopi widget).
- Lead the development of the company preset package to scaffold front end components with semantic conventions to speed up the development of new builds.
- Ensured deliverables function on all devices / browsers and are intuitive for the end user.

Oct 2018 - Nov 2019 **Front End Designer / Web Developer**

Blick Creative

- Developed WordPress themes with Foundation following concepts created by in-house designers.
- Created and tested email templates with Browserstack to ensure HTML table layouts display correctly on popular email clients and devices.
- Liaised with account managers to provide estimates, define project scopes and milestones.

April 2018 - Oct 2018 **Developer**

IE Digital

- Built the Silicon Block website to promote IE's agile workshops; integrating CRM services and the Eventbrite API to display dynamic data.
- Worked on multiple projects using the React framework and IE's internal CSS library.

Dec 2016 - April 2018 **Web Developer**

PharmaDeal

- Included a secure payment gateway and upgraded the business to eParcel / ReadyToShip to prevent fraud and revenue loss from incomplete transactions.
- Re-branded company to better engage target market and optimised web pages to improve UX.
- Developed and implemented SEO strategy by including a content style-guide for product details.
- Designed EDMs, eMagazines and banners to promote store offerings through multiple platforms.

March - Dec 2016 **Web Developer**

Crystal Web Designs

- Developed responsive websites in Magento and Wordpress with web technologies.
- Designed web page concepts referencing scope documents, brand guides and client feedback.
- Provided high-quality customer service for accounts payable, domain, web and email hosting.
- Created graphic assets for client EDM campaigns.

Education

2015 Masters of Multimedia

Swinburne University, Hawthorn

2010 Bachelor of Multimedia & Digital Arts

Monash University, Caulfield Campus

2005 Advanced Diploma of Multimedia

NMIT, Greensborough Campus

Skills summary

Technical

- Experience building re-usable interface components with NPM and Webpack packages
- Version control experience with Github and Bitbucket leveraging GitFlow branches
- EDM template development in popular campaign systems
- Cross browser, device and OS testing and fixes using Browserstack
- Graphic design of banners and multipage documents

Professional

- Strong problem solving expertise working on Agile projects
- Excellent customer services skills, including client interface
- Attention to detail with working from briefs and user stories
- Great communication skills both verbal and written
- Flexible and versatile to quickly learn new systems
- Supervision of small teams in an eCommerce environment

Knowledge

Programming

- JS experience and knowledge building with Vue and React
- Strong HTML5 markup and CSS3/SCSS styling experience
- Experience consuming and displaying various API's
- Good knowledge of database CRUD operations
- PHP procedural coding knowledge with exposure to OOP

Software

- Site building with WordPress premium and custom themes
- Coding in VS Code and Sublime Merge for version control
- Exposure to Laravel framework for building complex apps
- Extensive usage of Adobe, Sketch and Figma programs
- Desktop publishing in Google Docs, Sheets and MS Office

Professional Development

"I am a lifelong learner.

I am motivated to learn new ways to extend my skills & capabilities."
